"That was one of Charlie Hoyt's many good qualities. He always made the actor feel that the actor, not Hoyt, had created the part."

## Irish Folklore.

A picturesque touch of Irish folklore has been introduced by Anne Caldwell in "Top o' the Mornin'," when Gertrude Quinlan, as the governess, tells the child in her charge, "The leprechaun will get you if you don't go to sleep."

The "leprechaun," it seems, is an Irish fairy figure that is familiar to every Irish-born boy or girl. They appear in various guises in all tales of folklore, and fit daintily as thistle-down thrown songs and "granny tales" dear to the hearts of the children.

A leprechaun is a tiny little "ma-neen" about six or eight inches tall, who is a fairy shoemaker, and who generally carries a hammer and last, or even an infinitesimal shoe, on which he labors as he sings, half-singing or heeling the fairy footgear for the dancers and gambols of the "little people." Sometimes he stops long enough to take a "shaggy" of his "dhadeen," or to whistle a wierd, beautiful tune to charm the passer-by.

One of the ladies in fancy dress was, though fair enough, a trifle stout, and we will not say that she did not look well out of the thirder. And there spoke to her a reporter:

"May I ask what character you represent?"

"Helen of Troy," she answered. "What did you think it was?"

"Well," he murmured, ungraciously enough, as weights and measures confused his brain and he gazed upon her ample proportions, "I thought you might be Helen of Avoirdupois!"

**Baron Sands Real.**  
It is quite impossible to think of Harry Gilfoil without thinking of Baron Sands as it is to think of Baron Sands without thinking of Harry Gilfoil.

So famously and closely identified with the comedian, was the character created by him of the gay old roue become that it is a part of him and one seems about as real as the other.

As a matter of fact, Baron Sands, according to Mr. Gilfoil, is a real person.

"The Baron is one of the best-known characters in international and diplomatic society," he asserts, "and were I to reveal his identity—for I could point out this eminent personage in real life—you would feel I had a great deal of daring to attempt to personate so distinguished a man. I met the baron on one of my European trips, have known him for many years, and have spent many pleasant hours in his genial companionship.

"I knew from the first that some time he would be of service to me, and I would find a way to put him in a play, and so when Charlie Hoyt—incense to his memory—gave me a part to play in 'A Stranger in New York,' I said to myself, 'Here is my dear old baron. I shall play him as I know him.' And when I gave my first performance of the part Mr. Hoyt came to me and said:

"Harry, where did you get 'Baron Sands'? He is not my creation; he is yours. Stick to him."
